## Facilities

Dedicated construction yard (50,000 sqm, 588T travel lift)

10,000 sqm covered fabrication halls with CNC cutting machines

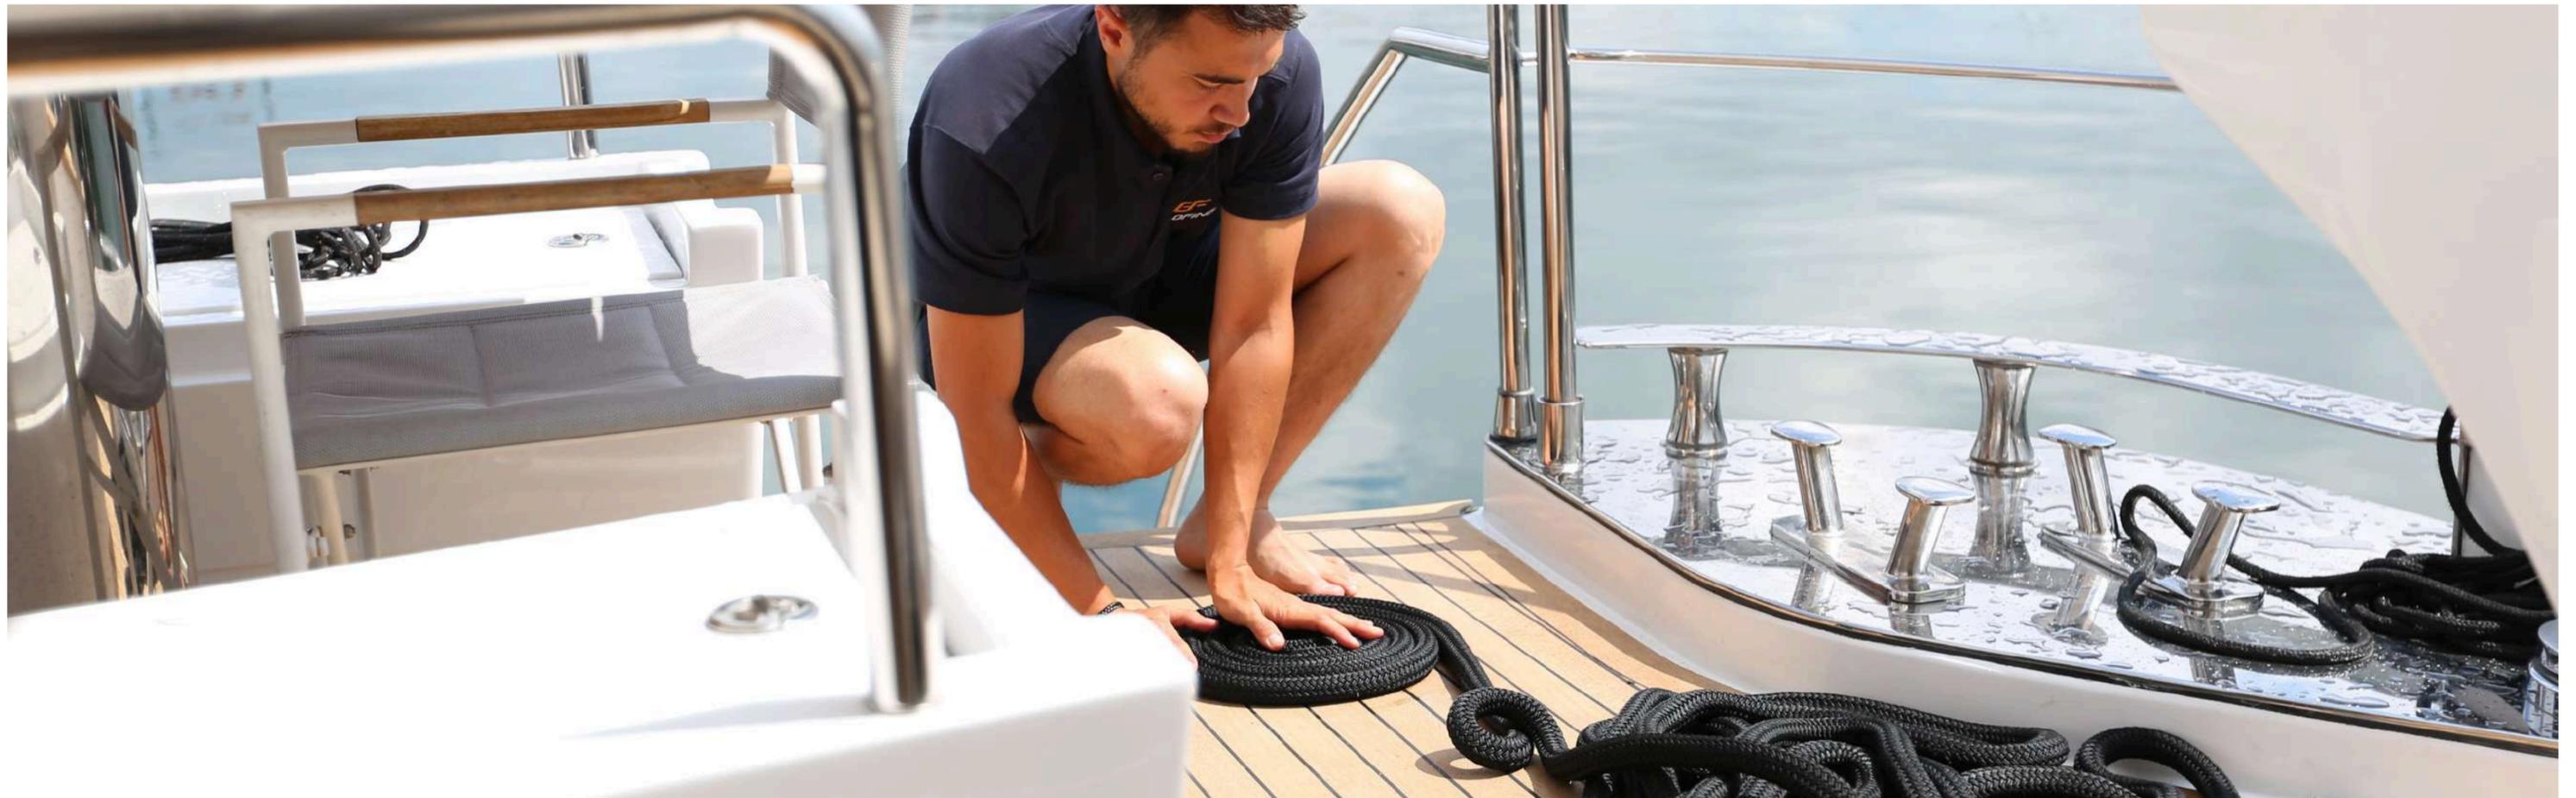

Annual steel production capacity: 8,000 tons

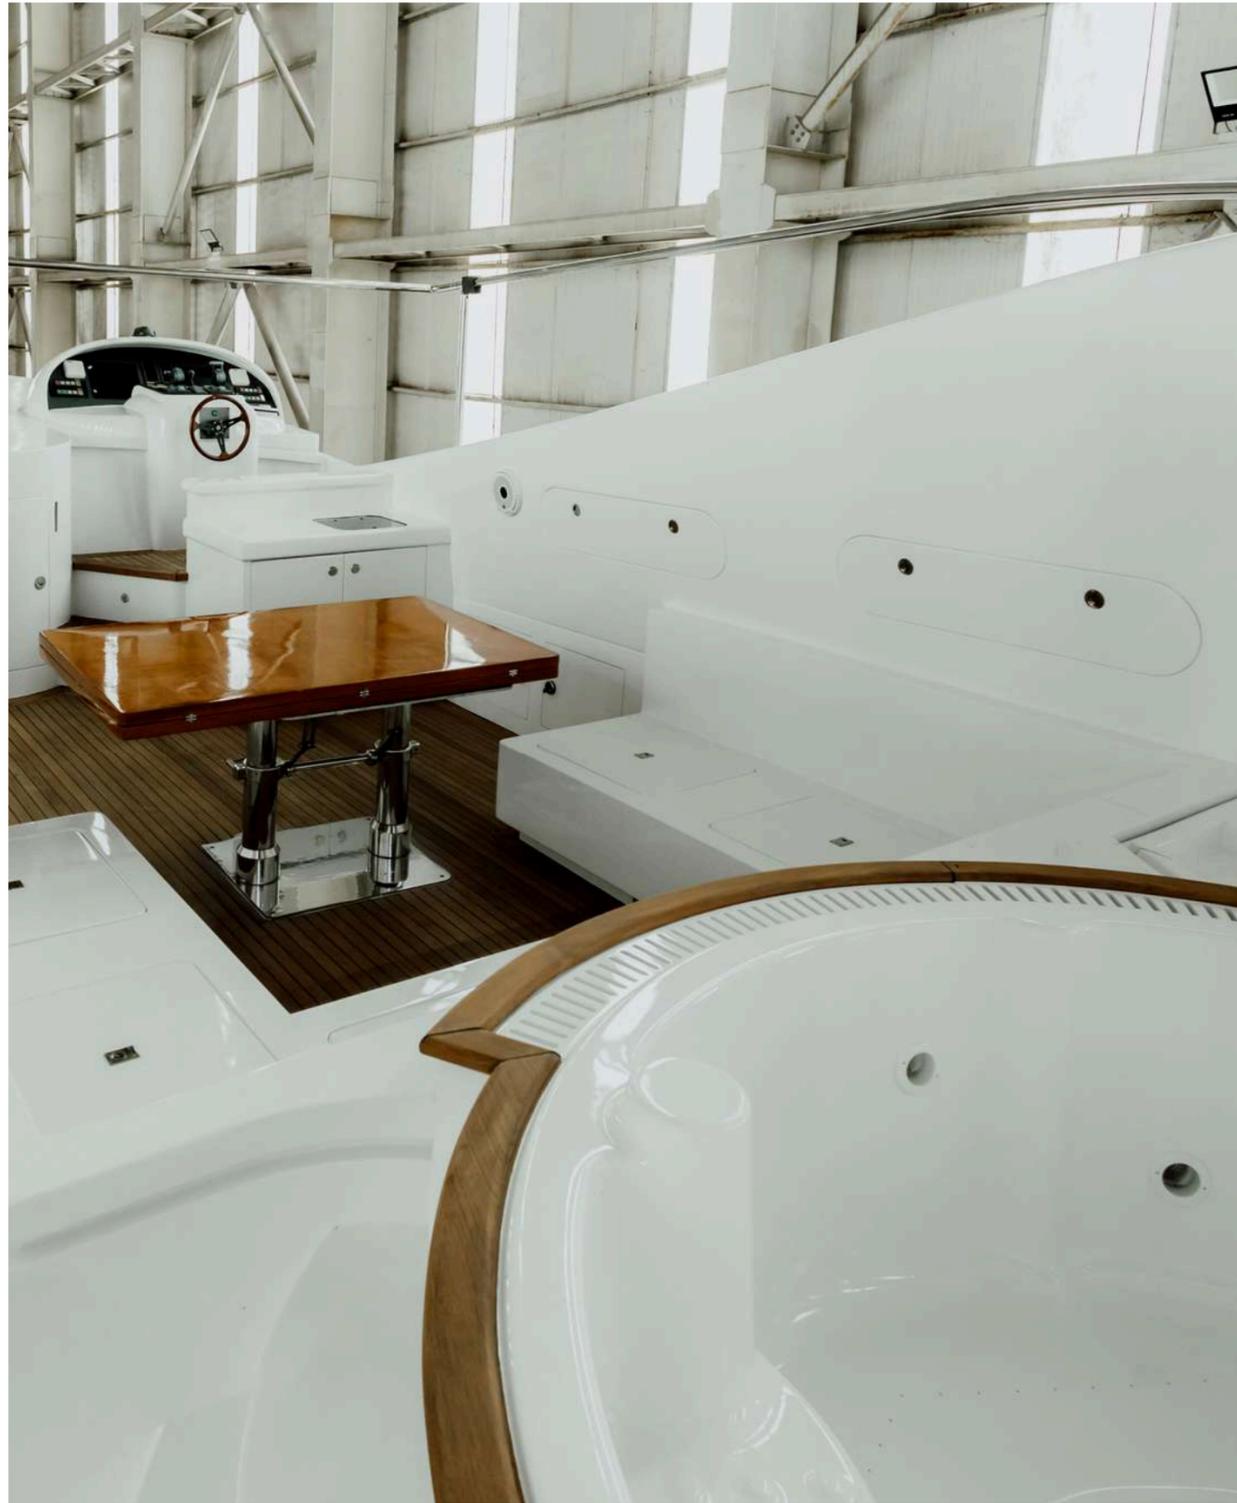

# Design & Project Management

Bespoke yacht designs tailored to owner lifestyle and preferences

End-to-end project management ensuring precision, transparency, and timely delivery

Weekly progress reports and digital traceability tools for full owner oversight

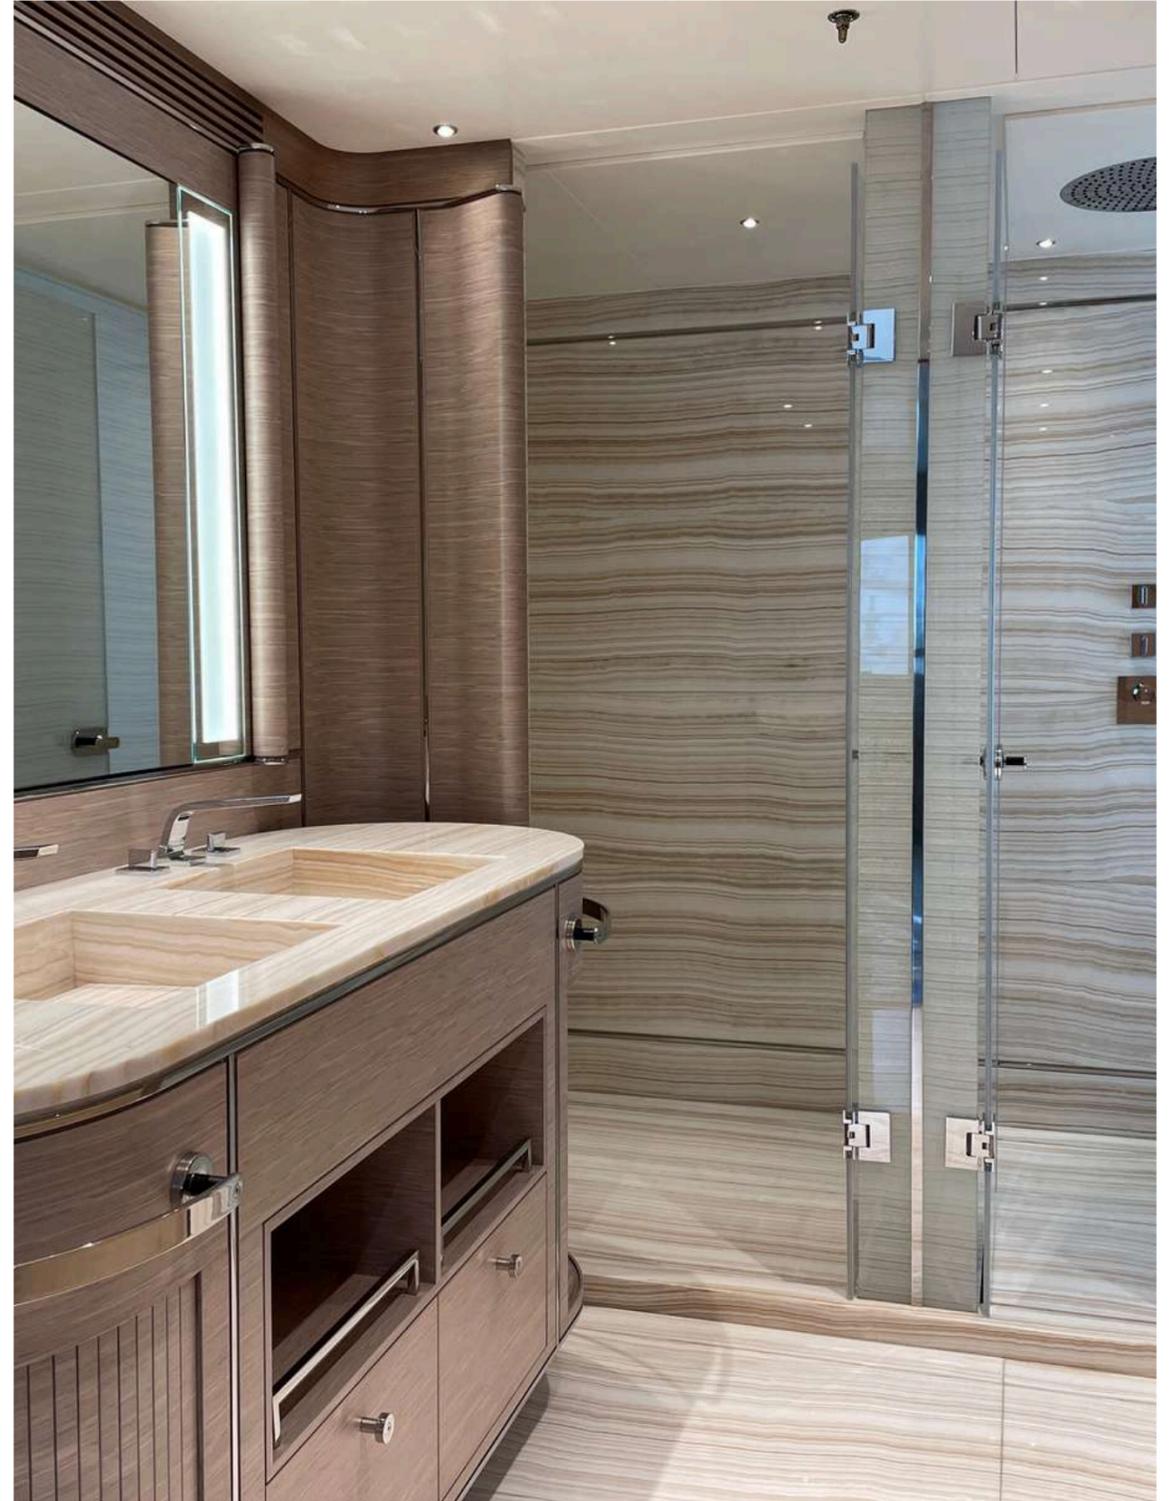

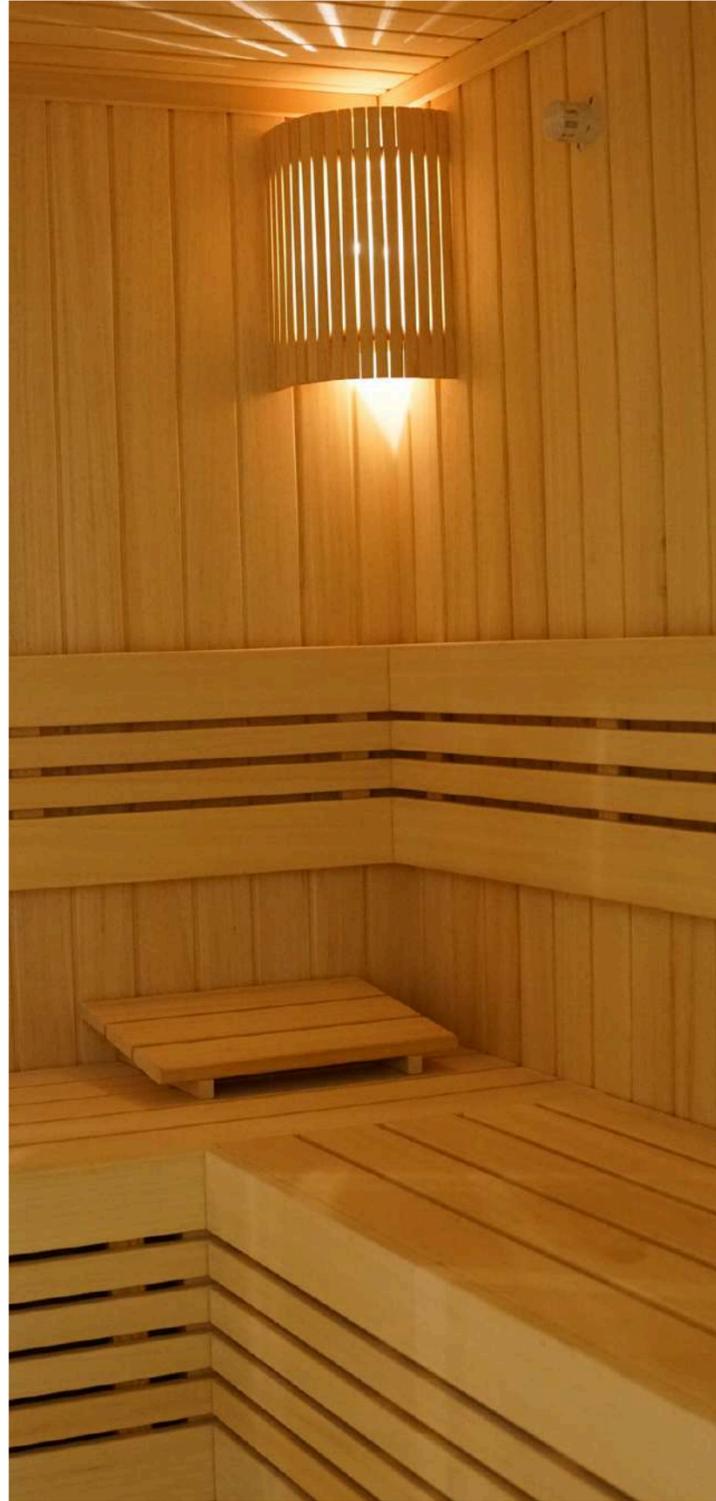

# Interior

Luxury interiors with high-quality joinery and furniture

Bespoke solutions using wood, composite, and premium materials

Complete outfitting of cabins, salons, and crew areas

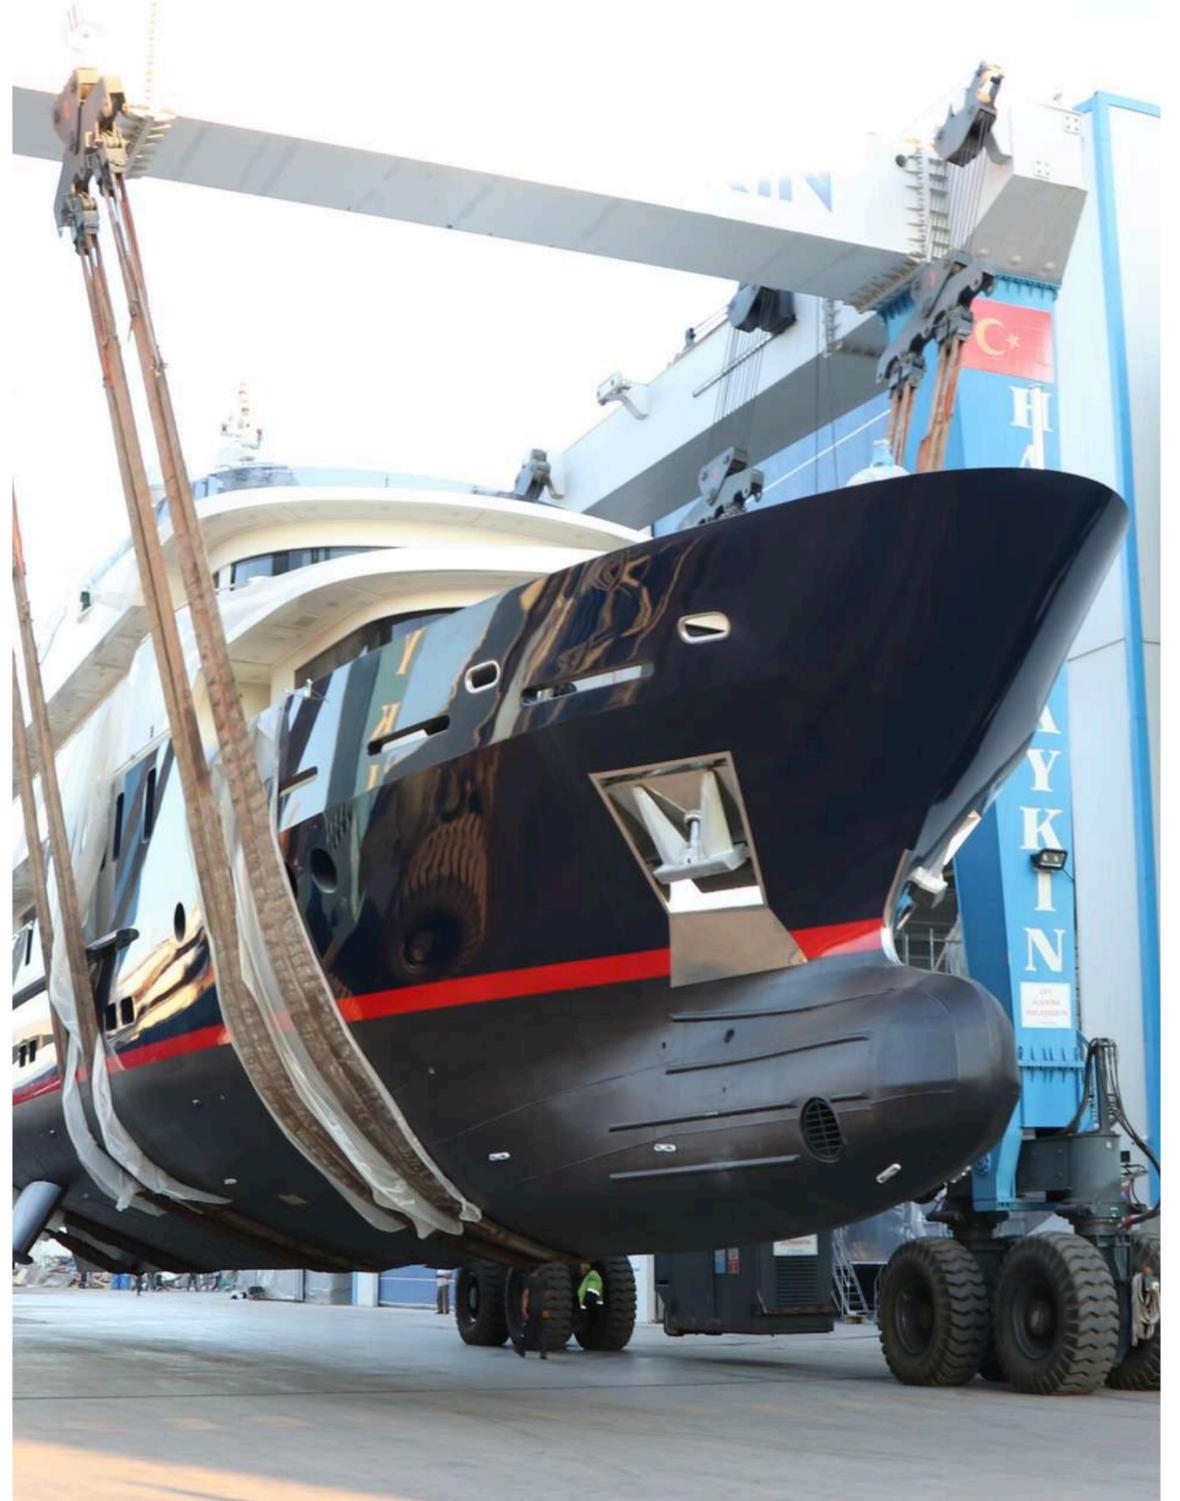

# Paint

High-gloss exterior yacht coatings

Fairing and finishing to superyacht standards

Long-lasting protection with a flawless appearance

# Steel & Aluminium Construction

Expertise in lightweight aluminium structures and robust steel hulls

Precision fabrication in covered workshops with CNC cutting technology

Strong focus on strength, safety, and durability

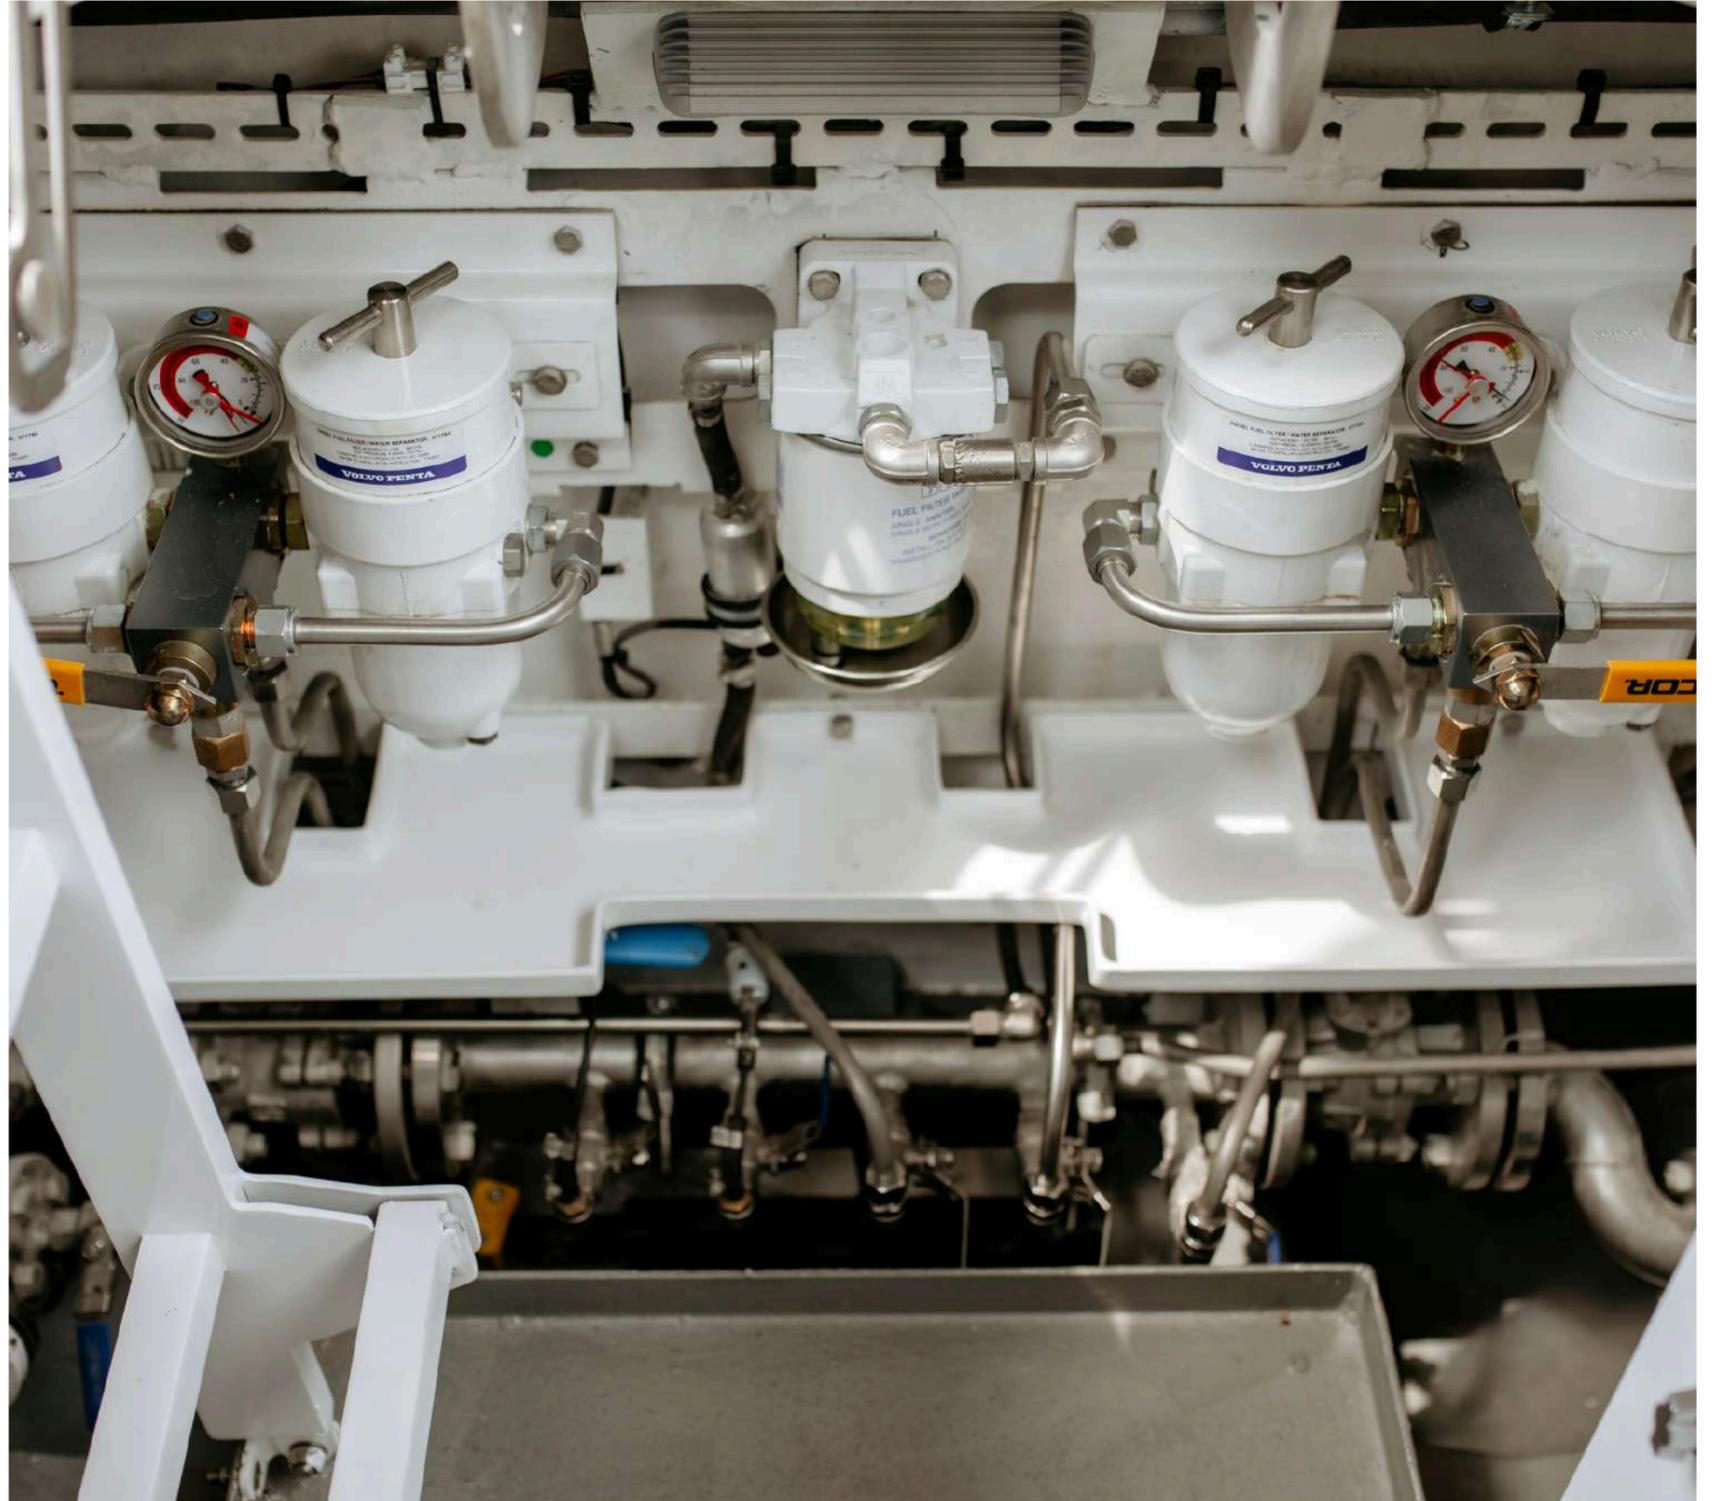

# Machinery Installation

Main and auxiliary engine installation

Propulsion systems and NavCom equipments

Full integration of mechanical systems for efficiency and reliability

# Electrical Systems Installation

Power distribution, automation, and control systems

Navigation and communication systems

Luxury comfort systems (lighting, entertainment, HVAC integration)

# Piping & Ducting Works

Fresh water, fuel, and waste system piping

HVAC and ventilation ducting

Installed with precision for reliability and easy maintenance

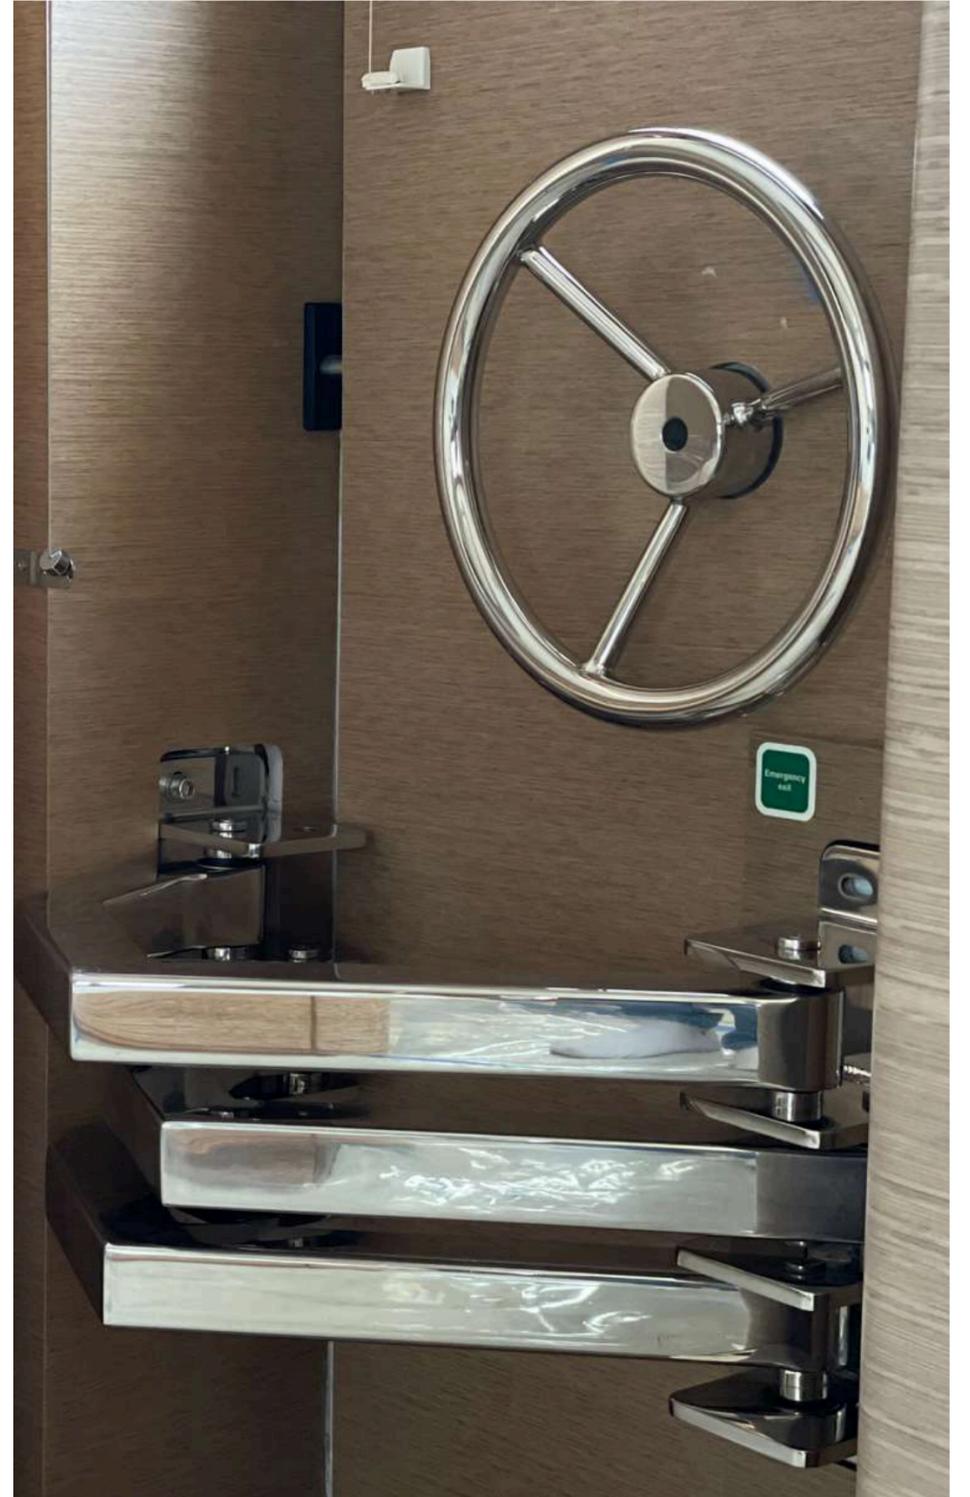

# Outfitting (Stainless Steel Outfitting)

Custom stainless steel outfitting for deck, galley, and interiors

Polished finishing for durability and aesthetic appeal

# Insulation

Thermal, acoustic, and vibration insulation solutions

Enhancing onboard comfort and reducing noise levels

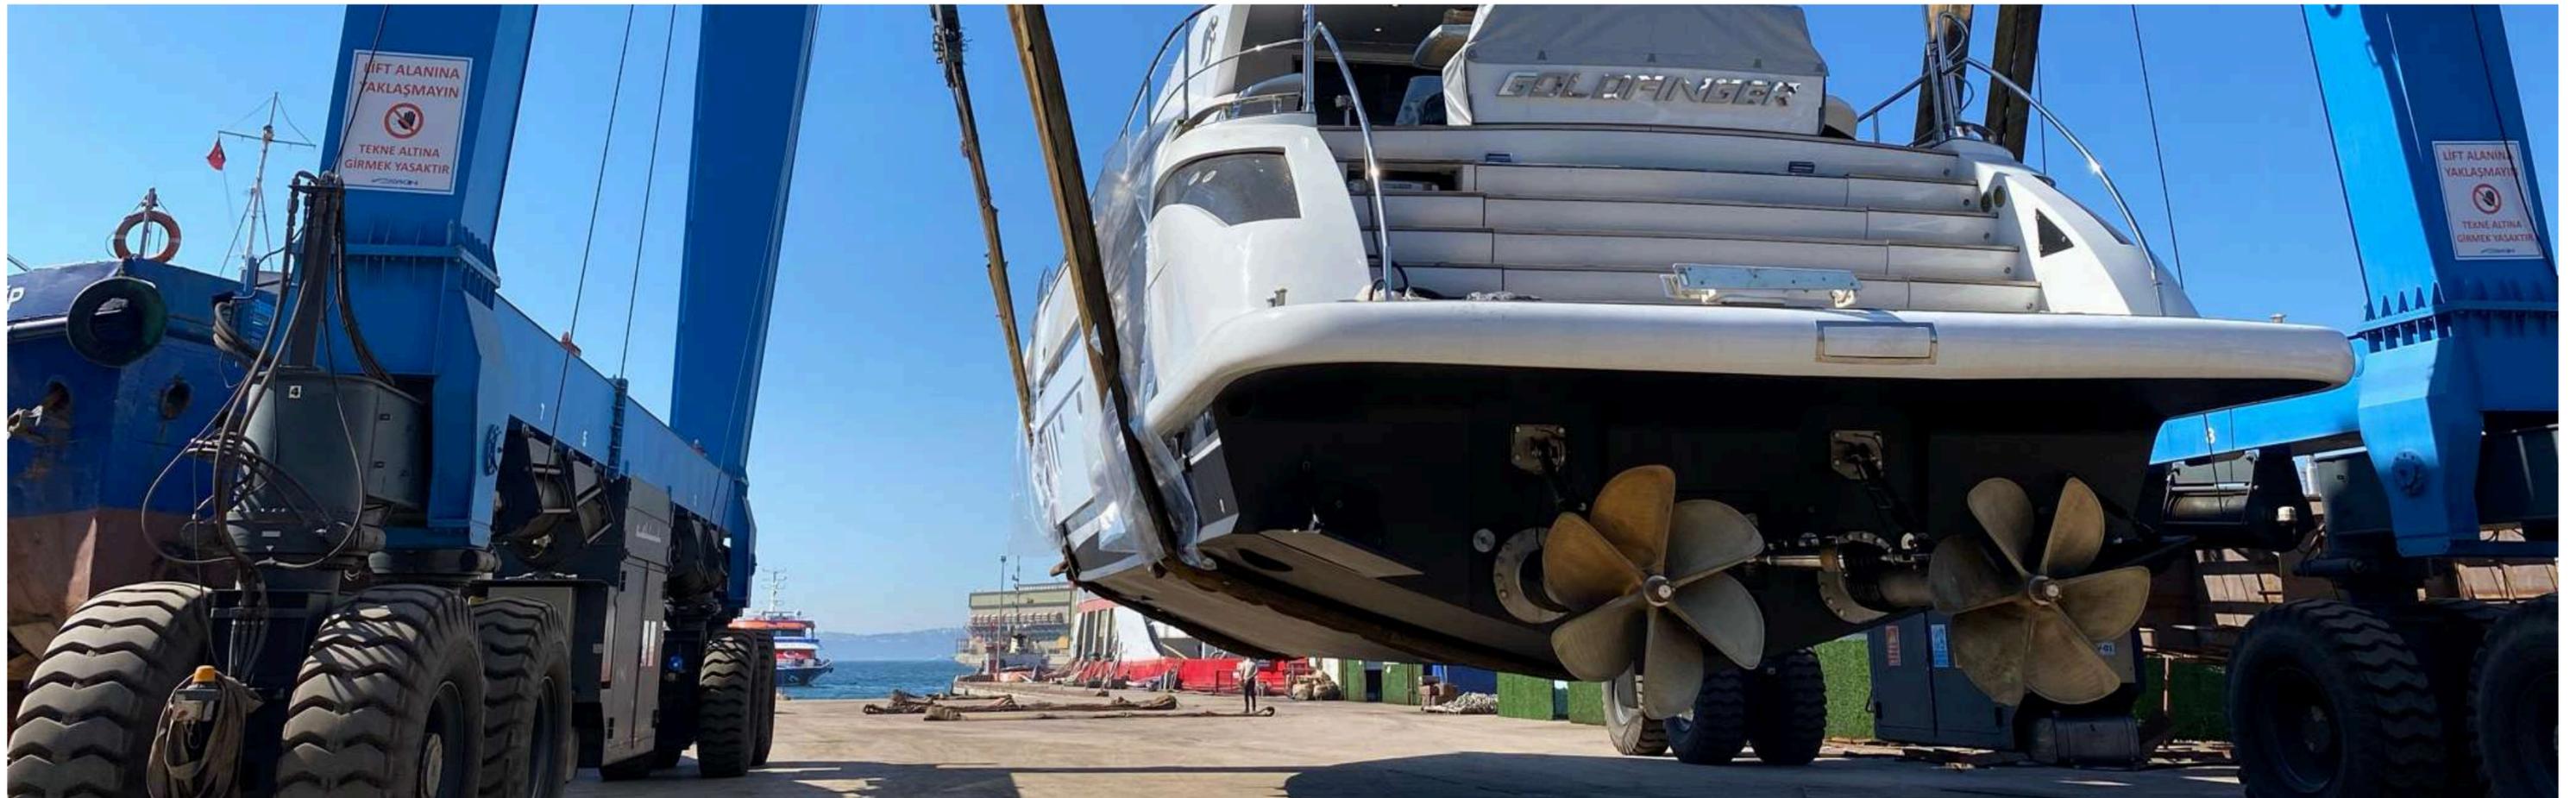

# Spare Part Supply

Comprehensive spare part sourcing and supply

Global procurement network to ensure fast delivery

Genuine and high-quality components to maximize yacht uptime

**UBM Marine Yacht Division** — where engineering excellence meets luxury craftsmanship. We don't just build yachts, we bring visions to life on the water.

**A SATISFIED CUSTOMER IS A PROUD ACHIEVEMENT FOR US.**
